MEDICAL SCHOOL STUDENTS GRADUATE

The First Moscow Order of Lenin Medical Institute will graduate 800 new doctors before the end of this month. About 80 percent of the students passed the state examinations with ratings of expellent to very good. Most of the graduates will be assigned to billets in areas outside of Moreow, and a considerable number are being sent to Kazakhstan.

The Minsk Medical Institute is also making preparations for June commencement exercises. Students of the first group consistently have maintained "excellent" averages. However, only two of the fourth group, which contained 26 examinees, passed with honor grades.

Students at the First Leningrad Medical Institute imeni Academician Pavlov are going into their second week of examinations. So far 80 percent of the students have achieved honor grades. Many among the graduating class will be specialists in contumy, histology, and biochemistry.

The Xlev Stomatological Institute has completed its graduation exercises. Only about 30 percent of the students achieved honor grades. Mevertheless, the course of training they underwent makes them qualified stomatologists.
